Date: 9/2/98 8:25am
Subject: FANSTEEL WORKPLAN AND QAPP SUBMITTAL DATES

Margaret,

1) This e-mail is in response to your telephone voice mail message to me of Tuesday, September 1, 1998, regarding the submittal of the Fansteel EE/CA Work Plan and Quality Assurance Project Plan (QAPP).

2) I have no problem with providing you an extension in order to complete the revisions to the Quality Assurance Project Plan (QAPP) and conduct the necessary internal reviews prior to submitting the QAPP. However, rather than providing you with an exact date or time extension, please make your best efforts to submit the WorkPlan on schedule or as soon as possible afterwards. Also, please submit the QAPP as soon as possible, but do take the extra time you need in order to make all of the revisions and conduct the necessary internal reviews.

3) Thanks for giving me a 'heads up' on this. I'm sure that by taking the extra time, your submittal will be a better one and will actually speed up the overall process.

4) For your information, I will be out of the office on Friday, September 4th and Monday, September 7th.

5) If you have any questions, please contact me at your earliest convenience.

Thank you.

JohnJ O'Grady
